

MEMBERSHIP

Hundreds of local residents each year take advantage of Charlotte County's premier non-profit continuing education program for lifelong learners. Whether it's the numerous classes we offer, the three field trips or the distinguished lecture series and vibrant book club, there's something for everyone.

They say, "Membership has its privileges." Membership as a FRIEND with LLI has its privileges and rewards!

By becoming a **BRONZE** member for only \$25, you receive the annual LLI Membership card which entitles you to priority discount booking for all field trips and FREE admission to the lecture series. All members are also invited to the special free annual FRIENDS Reception in the spring.

At the **SILVER** member level of \$50, you are entitled to all BRONZE benefits plus you may purchase one class at half price for you or your designee for one class of equal or lesser value purchased at full price.

However, as a **GOLD** member, for only \$75.00, in addition to everything in the Bronze and Silver packages, for every class you sign up for, you or anyone you want, get another class of equal or lesser value offered during the fall or spring sessions absolutely *tuition-free!* That's worth \$40 to \$60. Considering the field trip discounts and the free \$10 lectures series tickets, you could actually make money on the deal!

But regardless of the value, membership helps to promote area lifelong learning ... just for the fun of it!

Click on the registration form link, fill it out, and mail with your check to the address on the form.

We value your friendship and thank you for your continued support.
